A NOTE FROM THE LIBRARY DIRECTOR: ROBIN LETTIERI

The Port Chester-Rye Brook Public Library has begun a major building renovation project. The Library is the recipient of a bequest from the Estate of Elise Lefferts and Douglas Lefferts. They were residents of Port Chester for more than 50 years and owned Jack Fabrics and an antiques shop in Port Chester. Mrs. Lefferts was a long-time patron of the Library and used its delivery service for the homebound.

On behalf of the Port Chester-Rye Brook Public Library, I would like to thank Elise D. Lefferts and Douglas Lefferts for the bequest. We are deeply grateful for their support and generosity. It touched our hearts to know how much the Library meant to them. We are gratified that they believed in our work enough to leave the library a generous gift. With the Lefferts' gift, along with the gifts of others, the Port Chester-Rye Brook Public Library can continue to grow into the next century. If you would like to name the Library in your will or estate plan we will get an endowment in your name.

The library will be completely renovated so existing space can be made more efficient for both users and staff. The renovation improvements will include the installation of an elevator, the doubling in size of the Children's Department and the reconfiguration of existing Library space. Noise disruptions and disturbances are inevitable. We appreciate your patience and support as we begin these highly anticipated projects.

When all finishing touches are complete, the communities of Port Chester and Rye Brook will have a more attractive, comfortable, and expanded modern library to call their own. The Library website www.portchester-ryebrooklibrary.org will keep patrons informed of changes in building operations and signs will be posted throughout the Library.

Thank you.
